

Essential Taxi Warranty

Parts included

Customer Protect Warranty

Your protection from the cost of unexpected failures.

✓ Engine

- Rocker assembly
- Inlet and exhaust valves
- Cylinder head (excluding cracks and de-coking)
- Cylinder head gasket
- Timing gears and chains
- Pistons and rings
- Exhaust brake
- Cylinder bores
- Con rods
- Gudgeon pins and bearings
- Crankshaft and bearings
- Flywheel
- Starter ring gear

Excludes cracked or porous cylinder heads and bores, carbon deposits, skimming or pressure testing, timing chains/belt tensioners and electronic devices, burnt out valves and seizing of the exhaust brake

✓ Electrical System

- Starter motor and solenoid
- Alternator
- Wiper and washer motors
- Relays
- Electric window and sunroof motors
- Tachograph and sender units
- Buzzers and horn
- Central-locking motors
- Heater fan motor resistor
- Multi-function stalk switch
- Immobiliser/alarm and clock

✓ Steering

- Includes Power Assisted Steering
- Rack and pinion
- Steering box
- Steering lock
- Power steering unit including pump, pressure pipes and reservoir
- Idler box

Excludes power steering belts, external links and joints, rubber boots and swivel pins

✓ Engine Management

- Engine electronic control unit

✓ Fuel System

- Lift pump and fuel injection pump
- Tank sender unit
- Electronic diesel control unit
- Pump couplings
- Throttle body
- Airflow meter
- Idle control valve
- Pedal and throttle potentiometer
- Pressure regulator and sensor
- Map sensor

Excludes injectors, glow plugs, pipes, linkages, all Selective Catalytic Reduction (SCR), AdBlue controls, mechanisms and system.

✓ Automatic Gearbox

- Gears
- Gear lever
- Sun and planet gears
- Carriers
- Brake bands
- Clutch steel discs and clutch drums
- Valve block
- Governor
- Oil pump, bearings and bushes
- Main shafts
- Pressure valves and seals

Excludes friction linings, external selector mechanisms, adjustments, electrics, oil seals and oil leaks.

✓ Braking System

- Brake master cylinder
- Air control cylinder and brake actuators
- Air and restrictor valves
- Servo
- Wheel cylinders and calipers
- ABS valves, sensors and modulator
- Compressor/air dryer
- Brake chambers

✓ Torque Converter

- Failure of any internal mechanical parts

Excludes adjustments, electrics and oil seals and leaks.

✓ Engine Cooling System

- Head gasket (except skim)
- Thermostat (including housing)
- Engine cooling fan
- Water pump
- Radiator
- Oil cooler
- Heating matrix/intercooler.

Excludes choked, blocked or corroded units and all other parts associated with the cooling system.

✓ Front Wheel Drive

- Drive shafts including constant velocity joints
- Inner race cage and bearings
- Universal joints and couplings

Excludes external linkages

✓ Four Wheel Drive

- Drive shafts including constant velocity joints
- Inner race cage and bearings
- Universal joints and couplings
- Crown wheel and pinion half shafts
- Half shaft oil seal and bearings
- Hub reduction gears
- Differential locks and mechanism
- Planetary gears
- Differential pinion seal and bearings

Excludes external linkages

✓ Propshaft

- Universal joints and couplings

✓ Clutch

- All internal mechanical parts
- Clutch master cylinder
- Slave cylinder
- Release bearing
- Pressure plate
- Centre disc
- Oil contamination of the centre plate only.

Excludes external linkages frictional material and burnt-out parts. Limited to one clutch repair during the warranty period.

✓ Suspension

- Coil springs
- Upper and lower wishbones
- Ball and swivel joint
- Suspension arms
- Tie rod ends
- Anti-roll bar links
- Track rod ends.
- Front and rear levelling valves
- Load sensor valves
- Air bags
- Levelling control unit for raising and lowering of suspension.

Excludes bushes.

✓ Wheel Bearings

- Front and rear wheel bearings

✓ Manual Gearbox

- Shafts
- Synchromesh and hubs
- Selector folks and shafts
- Splitter valves and mechanisms
- Speedometer driver
- Range change and solenoids
- Overdrive units
- Bearings, bushes, input and output lay shafts.

Excludes selector mechanisms, electrics and oil seals and leaks.

✓ Cab components

- Cab levelling valves
- Tilt pumps and rams
- Suspension air bag units
- Front and rear bushes

✓ Casings

- Should the failure of any of the components included result in damage to the casings, then they will also be included

✓ Working materials

- Oils, oil filter and anti-freeze are included only where their replacement is essential as a direct result of the failure of an included item
